Thanks to all the Great Volunteers

Thanks to Sue Anderson and The **CERT** team for putting together the practice during the GREAT Shake Out. They had scenarios ready simulating things that are likely to happen after an earthquake. We urge at

BURN PERMIT INFORMATION

Burn Permits - NO BURN PERMITS WILL BE ISSUED UNLESS THE CLEARING INDEX IS ABOVE 500 for Airshed 4. Links to check the index are available at www.willardcity.com. The Division of Air Quality regulates this, not the County Fire Marshal. If the Burn Index is not above 500 on the day you want to burn do not call for a burn permit.

- **Residential Burn Permits** - The "Residential Burn Windows" are March 30- May 30 and September 15- October 30. Burn permits can ONLY BE ISSUED IF THE Clearing Index is above 500 for Airshed 4. State requirements limit burning for only natural vegetation, ie: tree trimmings, leaves, etc., can be burned. This means no construction debris, household garbage, tires, etc. can be burned. Other methods of disposal will need to be used for these items. If the date is between the Residential Burn windows and the index is above 500 for Airshed 4 call 435-734-3345. Burn Permits for Saturday will be issued on Friday but you will have to check the Clearing Index before you start burning on Saturday and there is no burning on Sunday.

Streets and Water-

- **Streets.** Please clear debris from the sides of the roads to allow for spring maintenance along the sides the streets.
- **Water** – Protect our water system. Do you know putting a hose in a pool and then shutting it off without taking it out of the pool can contaminate drinking water? . Planning on putting in a sprinkler system. Doing outside watering? Visit our website www.willardcity.com for valuable information on how to avoid cross connection and for important backflow prevention information. Help protect our water. Check out the Division of Water Resources website for great information on water conservation <https://conservewater.utah.gov/>
- **Garbage Cans** – Our garbage collection company has asked us to pass on to residents - **do not put rocks or concrete in garbage cans and do not have material more than 2" over the top of the can.** The drivers are not able to pick up cans when they are too heavy or empty them if they are over full. If garbage cans are broken due to the extra weight the cost to replace the can is \$75.00.
- **Sewer-** Property owners are responsible for the sewer clean out at or near the property line. Make sure sewer cleanouts are cut off at ground level and capped or protected to avoid debris from causing costly back-ups into your house and breaking off.

Police

- **Dogs** – The police department has responded to a number of dog bites already this year. **All dogs** over 6 months of age are required to be licensed. Willard City allows 3 dogs maximum per residence. The police department will be following up on unlicensed dogs. Spring is the time the Police Department gets dog complaints. Dogs are required to be on a leash when not on your property. If you take them for a walk to the park or along the streets to "do their business", clean up after them.
- **Lock your vehicles** - Make sure you lock your vehicle doors, even when your car is parked in your driveway and do not leave purses, electronics, cell phones or packages in your vehicle. Report any suspicious activity in your neighborhoods by calling Dispatch at 435-734-3800 for non-emergencies or call 911 if it is an emergency.
- **Scams** –There is always an increase in reported scams regarding the IRS this time of year. **DO NOT** give out personal information over the phone to anyone who calls you or leaves a message for you to call back. Emails are another scam. Do not send personal information by email even when they appear to come from a friend's email.
