SEPTEMBER 2013

FALL C.E.R.T. TRAINING CLASSES

The Community Emergency Response Team (CERT) Program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills such as fire safety, light search and rescue, team organization and disaster medical operations. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help. CERT members also are encouraged to support emergency response agencies by taking a more active role in emergency preparedness projects in their community. We encourage every household to have at least one CERT trained family member. CERT Classes will be held on September 18th, 21st, 24th, 26th and 28th. Evening classes will be held at 6:00 pm-9:30 pm and Saturday classes are from 9:00 am to 4 pm. Cost for the class is \$10.00 per person, to register or for further information contact Willard City Offices, 435-734-9881, Sue Anderson, 435-723-8903 www.sueandstuff@gmail.com. They will also be providing child care services for the above nights and will be available on-site or in home, contact Sue Anderson at 435-723-8903 for additional information.

Offices and go to purchase candy and supplies for the event. Trunk or Treat will be held on Thursday October 31st. If you are willing to lend a hand contact Sue Anderson at 435-723-8903 or the Willard City Offices - 435-734-9881. Watch for more information in next month's newsletter.

Bookmobile/Library News

Come check us out. School's started and this is a great opportunity to get the kids going on those required reading pages. Why not get a book from the Bookmobile/Willard Library located in the City Hall. The library also carries a large variety of books on tape and videos. The hours for the library are Mondays and Tuesdays from 9am-12pm and 1pm-5pm. The Bookmobile/Library phone number is 435-723-2261.

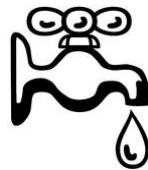

Streets

We appreciate your patience with the recent street projects. The coating is an application designed to extend the life of the streets for several years. It has been reported the coating may be slippery for animals, especially horses, so use caution. Willard City Maintenance Personnel remind citizens to clear branches, yard waste, piles of rocks and dirt from the edge of the city streets. This will help them be able to maintain the edge of the streets with mowing, grading and plowing snow.

Elections

Don't forget to make sure you are registered to vote. If you have not registered you can do so on the State of Utah website at www.utah.gov and search for voter registration. You can also do so in person at the Box Elder County Clerk's office at 01 S. Main in Brigham City. Not sure if you are registered? You can give them a call at 435-734-3393. The Willard City General Municipal Election will be held on November 5, 2013.

Water A payment drop box is located on the west side of the Willard City Offices for making payments after hours. Willard City Office hours are Monday thru Friday from 9:00am to 5:00pm. Water bills are sent out the 5th of the month and are due by the 20th. If you have any questions contact the Willard City Offices at 435-734-9881

Willard Elementary School Box Tops for Education

Box Tops for Educations has helped schools earn \$475 million dollars since 1996. Donna Weaver is in charge of collecting Box Tops for Education for the Willard Elementary School. They are asking the citizens to clip the little pink box tops on many products and take them to the Willard City Offices or the Willard Elementary School. Each box top is worth 10 cents so ten box tops equal a dollar. Check out their website www.btfef.com/products for a complete list. Judy Beames is in charge of the Box Tops at the Three Mile Creek Elementary School located in Perry. Any support you can give to either school will be greatly appreciated.

Police Department

School has started and the Willard Police Department urges residents to watch for kids walking to and from school, riding bikes, or waiting at bus stops. Also remind your children of stranger danger and what they need to know that would be helpful to the police if a stranger does approach them.

Sewer

Your home's sewer is connected to the sewer system main (a large pipe running under the street) via a pipe known as a lateral that extends from your home, across your property, and into the sewer main. The homeowner is responsible for maintenance of this lateral. Blockages in the lateral are always bad news for the homeowner. Blockages can cause the flow of waste from the home into the sewer main to slow or stop completely. Good habits include, never dumping cooking

Trunk or Treat - Donations Needed

Can you believe it? We are making plans for this year activity and are looking for donations of candy and money. Donations can be dropped off at the Willard City

grease down the drain, never flush non soluble material down the drain (feminine hygiene products, food, rags, diaper wipes, food scraps, etc.). Always contact a licensed plumber if you are experiencing problems with your system. Also be aware it is illegal to run storm water into the sanitary sewer system. The storm water can cause severe damage to the system.

Residents are also asked to lower the clean out stub, located at or near the property line, to ground level so they are not being hit or broken off by vehicles, lawnmowers or tractor blades. The city will not be responsible for repairing or replacing broken stubs. Make sure they are capped to prevent debris from plugging the sewer lateral and causing costly sewer back ups. Metal or plastic caps or even sprinkler boxes can be used to cover the clean-out stubs and are available at most home improvement stores.

City Calendar

September 12- City Council Meeting -6:30 p.m.

September 19-Planning Commission Meeting-6:30 p.m.

September 26- City Council Meeting 6:30p.m.
