We're Going Back To School

Some are more excited than others about going back to school. Please watch out for kids on their way to school or bus stops. Remember to stop for the busses picking up the kids!

SCAM ALERT!!!!

A resident reported receiving a call from the Water Department informing them their payment was 15 days past due. They were instructed to call an 800 number to pay over the phone and given a website

where they could pay with a credit card. Willard City does not currently offer payment by credit or debit card or take over the phone payments! **PLEASE BE AWARE THIS IS A SCAM.**

Residents are reporting phone calls from the IRS, credit card companies and many others. Many even have some information about the person they are calling. Do NOT give personal information over the phone to an unsolicited call. Also be aware of emails that appear to be from credit card companies, banks, email providers, etc. asking for updated information or even confirming changes to your account and asking you to click on a link. They are most likely scams.

DEPARTMENTS

❖ Streets, Sewer, and Water-

- **Streets** - Please keep the City right-of-way clear of debris such as yard decorations, rocks, piles of limbs and yard debris, or landscaping or construction materials to name a few.
- **Sewer**- Property owners are responsible for the sewer line from the home to the main line. This means you need to be careful of what goes down the drain. Backups are costly! Also, make sure sewer cleanouts are cut off at ground level and capped or protected to avoid breaking them off and debris falling into the line which can also cause back-ups.
