

DEAR City of Willard,

In 2024, your partnership with WasteLess made a remarkable environmental and community impact! Below is your direct contribution last year:

- 80 pounds of food rescued,
- 5.5 volunteer hours
- Equivalent to 67 meals provided, and
- An economic impact of \$158 to the community.

Thanks to your support, we've been able to nourish our community while protecting the environment by keeping food out of landfills. We appreciate your dedication to feeding more people and wasting less food.

Please feel free to share these numbers on your social media channels and tag us—your impact deserves to be celebrated!

As we move into 2025, we are excited to build on this success, but we need your help to do it. The cost of rescuing, transporting, and redistributing food continues to rise. It costs us \$50 per rescue, and with a recurring donation from your organization, we can rescue more food and feed more people.

WasteLess is a registered nonprofit, and your donation is tax-deductible. Our tax ID is: 83-0573953. You can donate directly at <https://www.wastelessolutions.org/donate>.

We are grateful for your continued partnership and support. Together, we're creating a healthier, more sustainable future. Thank you for all that you do!

Best regards,
